Where is the service based?

Seaside View is based at Brighton General Hospital in Elm Grove, Brighton.

The Pre-school Special Educational Needs Service (PRESENS), is based at the Jeanne Saunders Centre in Palmeira Avenue, Hove, although it is hoped it will eventually be on the same site.

Seaside View links closely with a wide range of other teams and agencies in the city who work with children and families, ensuring effective, co-ordinated planning.

What happens when a family is referred?

When the service receives a referral form giving information about a child, this is taken to a team meeting. Within two weeks of this team discussion the family is sent a letter which explains the outcome of the meeting and also how the service may be able to help.

It is normal practice for staff in the Child Development and Disability Service to share information with professional colleagues in the Children and Young People's Trust and partner organisations who may be able to help your child. If you do not wish this to happen, please tell us.

If there is a need for a social work service the centre will contact the family within 7 working days.
